# Garden Extends its Thanks to Garden Leaders At Annual Event

Ruth and Mike Eppig graciously hosted the annual fall event to honor and celebrate Garden Leaders and members of the Perennial Society at their magnificent home in Bratenahl on Lake Erie. The event was on September 15; it was a beautiful fall evening and with more than 100 in attendance, our largest gathering yet. Thea and Art Steinmetz (pictured here with the Garden's Executive Director Natalie Ronayne) received this year's "Golden Award." The Award was launched in 2002 to celebrate the special nature of certain extraordinary friends of the Garden, whose consistent and positive support, through words, wisdom, and wealth, is inspirational. They set the gold standard for engagement with the Garden.
